

Seminar invitation 2nd of June at hotel Le Meridien, Brussels

> Services to Consortia

REACHLaw is giving a series of seminars in Brussels addressing business critical and timely issues in REACH

The bulk of REACH related activity is conducted in Consortia to facilitate collaboration between companies. Some consortia already have been established some years ago and have thus all organizational structures as well as a substantial amount of data already in place. On the other hand, many consortia are just being formed and have a very short time frame for completion due to the first 2010 REACH registration deadline.

REACHLaw offers a variety of services to Consortia depending on the stage they are in:

- > Consortium Management Support Services
- > Legal Services to Consortium
- > Technical Services to Consortium
- > Lead registrant services
- > Authorization services

The seminar will be held on Tuesday 2nd of June between 9 – 12 am, at Le Meridien Carrefour de L'Europe 3, B- 1000 Brussels. After the seminar we are pleased to set up a one -to- one meeting to address any specific questions you may have.

Speakers: Lasse Musakka, Partner-CEO; Jouni Honkavaara, Partner-CMO; Mathias Berner, Partner-Sales Director and Riku Rinta-Jouppi, Partner- Council -Legal Chief.

If you plan to attend the seminar, kindly send your confirmation latest on Tuesday 26th of May to: ilona.pitkanen@reachlaw.fi. If you wish to reserve a one-to-one meeting after the seminar kindly indicate this at the time of your confirmation. Participation in the seminar is free of charge.

Best Regards,
Lasse Musakka
Partner – CEO
