

Seminar invitation 3<sup>rd</sup> of June at hotel Le Meridien, Brussels

## > Choosing the correct strategy for achieving REACH compliance

REACHLaw is giving a series of seminars in Brussels addressing business critical and timely issues in REACH

The REACH related activity has not picked up in the Spring 2009 and this slow mode has continued with the effect that many SIEF's still do not have a SIEF Formation Facilitator (SFF), and even those who have, have not been able to conduct the pre-SIEF, due to the limited level of activity from the participants. As a consequence, companies having over 1000 tons of production/import per substance are in a very significant danger of missing the deadline.

To assist EU- manufacturers and subsidiaries to meet the registration deadline, REACHLaw offers different levels of services depending on the company's needs. The seminar will address among others the following topics:

- > Substance specific action plan
- > Pre-Consortia study
- > Lead registrant services
- > Services for non-leading companies
- > Intermediates

The seminar will be held on Wednesday 3<sup>rd</sup> of June between 9 – 12 am at Le Meridien, Carrefour de L'Europe 3, B- 1000 Brussels. After the seminar we are pleased to set up a one- to- one meeting to address any specific questions you may have.

**Speakers:** Lasse Musakka, Partner-CEO; Jouni Honkavaara, Partner-CFO; Mathias Berner, Partner-Sales Director and Riku Rinta-Jouppi, Partner- Council -Legal Chief.

If you plan to attend the seminar, kindly send your confirmation latest on Tuesday 26<sup>th</sup> of May to: [ilona.pitkanen@reachlaw.fi](mailto:ilona.pitkanen@reachlaw.fi). If you wish to reserve a one-to-one meeting after the seminar kindly indicate this at the time of your confirmation. Participation in the seminar is free of charge.

**Best Regards,**  
Lasse Musakka  
Partner – CEO
